

VORT SUPER DRY UV RANGE

Airblade hand dryers designed for installation in commercial and public areas

RANGE

- Vort Super Dry UV B code 70907
- Vort Super Dry UV G code 70908

KEY FEATURES

- ◆ High speed drying (about 10 sec).
- ◆ Automatic operation (infrared sensors manage product start/stop).
- ◆ Safe use (electronics integrates protection devices preventing overheating, overload and short circuit).
- ◆ Hygiene: inner filter equipping VORT SUPER DRY UV retains impurities, granting a clean air stream.
- ◆ Germicidal capabilities thanks to UV lamps
- ◆ Anti-vandal protection: VORT SUPER DRY UV automatically stops after 25 sec. of continuous operation.
- ◆ Low power consumptions: high efficiency EC motors grant significant savings compared to most common, traditional AC motors.
